

Bara hoppas det inte slutar på samma sätt som för Pirlo
"Det ligger i mitt dna att vinna titlar". Vem har sagt det? Inte någon miljonfråga, direkt. Zlatan Ibrahimovic...

Tänk på att... Svenska Spel lobbyar in en trevlig Jack-pott på Stryktipset (tio miljoner). Zlatan Ibrahimovic har lämnat Manchester United. I dag (fredag) gör han sitt första träningspass med LA Galaxy.

Varning

Fins ingens fotbollsspelare som gillar att förlora. WBA är snudd på akterseglat i Premier League, men hoppet finns fortfarande. Bör ha kunnat mobilisera ihop kraft under landslagsuppehållet.

Spikarna

Manchester City vill säkra ligagetills så fort det bara går. Så man sedan kan lägga all krut på Champions League. Everton är försvagat på mittfältet. Det kommer troligen gå lite för. Två? Kalmar har haft stora defensiva skadeproblem under försäsongen. Inte riktigt kunnat spela ihop en baklinje. Häcken ser riktigt intressant ut. Topp fem-kapacitet? Tveklöst. Erfaren tränare (Andreas Alm) och ett bra spelarmaterial. Spikas.
